

PeopleSearch Receives 3 Client Recognition Awards

The Board of Directors of HRnetGroup Limited (the **Company** and together with its subsidiaries, the **Group**) is pleased to announce that PeopleSearch, one of the Group’s principal brands for Professional Recruitment, has recently received recognition awards from three clients:

1. **McDonald’s China (McD)**, conferred PeopleSearch Shanghai with the McD’s Most Promising Executive Search Vendor Award (2022年 “McD 最具潜力猎头供应商” 奖项). In a letter to PeopleSearch Shanghai, McD expressed appreciation for the professionalism, excellent customer service, efficiency and effectiveness in delivering the talent acquisition assignments, and hopes to continue with the strong partnering work to achieve a win-win outcome through our recommendation of strong potential talents in this digital transformation era.
2. **Huawei Technologies**, whom PeopleSearch has been partnering with for their recruitment needs within Mainland China and internationally, accorded our PeopleSearch team with a Platinum Award for two years in a row for the multiple international placements fulfilled in 2021 and 2020 in its quest for high technology global talents. This is a step-up as we had received Diamond, Gold and Silver awards in prior years.

3. **Sichuan Swellfun (水井坊, Swellfun)** is a China-based, public-listed and renowned producer of premium alcoholic beverages with a 600-year baijiu (白酒) distillery heritage. PeopleSearch Shanghai received the 2021 Swellfun CEO Appreciation Commemorative Award (2021 水井坊CEO 答谢纪念奖) for the successful placement of multiple key and senior positions; and having demonstrated strong understanding of the business needs and shared invaluable talent market intelligence in facilitating the objective hiring decisions relevant to this transformative phase of Swellfun’s organizational development.

“The craftsmanship of our people is put through the test every time our clients come to us with a strategic transformation need. And in this digital age where senior talents with the perfect set of experience and attributes do not exist for most situations, we choose to curate the most pragmatic solutions with our clients. The journey is tough, and it takes real mettle to not just deliver, but with passion and purpose that the client would genuinely attest to our authenticity. I am proud that we gave our word and we delivered.”
