

RecruitFirst Opens Seoul Office As HRnetGroup's 8th City for Flexible Staffing Business

The Board of Directors of HRnetGroup Limited is pleased to announce the successful registration of our new subsidiary RecruitFirst Korea Inc. (**RFKR**), as a strategic initiative to capture the South Korean growth opportunities in the flexible staffing space.

Pioneering our RFKR business is co-owner Angela Kwak, who joined our HRnetOne Singapore office in 2005, and subsequently returned to Seoul to pioneer our HRnetOne business there. The deep expertise we acquired in specializations including Healthcare Life Science, Industrial, Engineering as well as HR and Finance functional verticals provides us with a strong base to extend the RecruitFirst product offering to help clients with their needs for temporary and contract-based manpower to cope with post-Covid business volumes.

The addition of RecruitFirst in Seoul will add wings to HRnetGroup's 19,000 contractor-strong flexible staffing business. The areas which RecruitFirst Korea aims to fulfil are the high demands in manpower outsourcing, contract recruitment, business process outsourcing (BPO), professional employer organization (PEO) services.
